Education is the fundamental right of every Indian citizen. It is an important pre-requisite for the progress of an individual and of the nation. Takshashila and Nalanda Universities were the earliest universities of India. In India, education is provided by both the government and private sectors. Education changes the mindset through a continuous process evolving, research, experiment and innovations. Without such practices a nation cannot expect the future citizens of its country to be informed and creative. As Nelson Mandela said: - "Education is the most powerful weapon which you can use to change the world."

Good quality higher education is not only important but also essential for the country's progress in the modern world. Such education need sufficient number of dedicated and quality faculty, good infrastructure, effective and competent administration, visionary academicians and transparent policies and well laid down procedure. Higher education also becomes an exceptionally powerful force for determining the social, economic, and political dynamics of our country in the time to come. Higher education is increasingly seen by governments and societies as a major contributor to national wealth and economic development and a tool to realize the extraordinary potential and aspiration for economic and technology development. There is great demand for it in the country due to its implications for the individual advancement. The GDC Memorial College is here to provide your ward holistic education that's necessary to mould a complete and globally competitive human being. It is set to provide an environment that stimulates command, control, confidence, communication, courage, commonsense, commitment, critical and analytical thought process and above all channelize the creative energies in the youth to shape them into citizen striving for human development. We are going to start more P.G. Courses in Science from this session.

I wish all the students a grand success in their career and prosperity in their future life.

Udaan- Woman Cell

The college has introduced 'Woman Cell'. Girls students, especially at the Degree level are earnestly exhorted to take an active part in the activities of the cell. The cell endeavors to alleviate the negative forces that confront woman, both on the campus and in the city life. The Woman Cell handles issues related to woman's welfare. The cell provides information regarding problems faced by girls and makes available possible solutions to them.

Awasar

The college has established this cell with a view to help students to get useful and systematic guidance on careers open to them in their respective field of studies. The Career Guidance Committee members chalk out various enrichment programmes as well as conduct coaching classes in order to train the students to perform better in various competitive examinations.

Internal Quality Assurance Cell (IQAC)

The college has an Internal Quality Assurance Cell which plans and evaluates time to time as to how to make optimum utilization of the resources and the infrastructure available with the college in the best interests of students.

Aagaaz

Aagaaz is a symbolic and specific selected name adopted by the college as a platform through which the coming new students will have an opportunity to make an exposure to their talents in cultural and academic fields. With this objective in view the college organizes Aagaaz in the beginning of the academic session.

Vimarsh

Vimarsh is a symbolic and composite term devised, chosen & adopted by the college as a common platform like a prism out of which multi-colored beams of light emit. It is a prism like platform through which the college will make and establish its personal identity, expression, and recognition in every walk of life through various academic competitions to be held from time to time.
Development Platform

Nepathya

*Nepathya*, a platform for creative activities brings out the hidden talent of the students. They perform in the activities beyond curriculum which is necessary for the overall development of their personality.

**Exhibition**  *An Insight into New Awakenings…*

An Exhibition in itself is an effective and successful medium through which the younger generation may find an opportunity and a way out to give a spontaneous exposure to their talents, creativities, curiosities, latent potentialities and capabilities etc., so that, they may become conscious of their abilities learning the art of better living. With this objective in view the college organizes several Exhibitions to show their scientific, artistic and talents in local art and craft.

**Nishabd**

*Nishabd* is again a name devised and chosen by the college for its wall magazine programmes through which the students may give an exposure to their ambitions, thoughts, images, subjectivities, themes and perceptions on various topics etc. with the help of pictures, writings, thematic pictures and sketches etc.

**College Magazine**

Every year the college publishes their yearly college magazine in which students can give their original articles, poems, stories or social satires. It enables them to express their feelings through words.

**Jhankar Beats**

The platform *Jhankar Beats* enable the students in presenting their culture. They can take part in cultural activities through this platform in various functions and celebrations organized by college. The students represented the college during the Gramin Khel Mahotsava and performed various cultural programmes.
